FORGETMAT

Mathieu Forget alias Forgetmat est un artiste en mouvement. Originaire de Paris, danseur, photographe et directeur artistique, il incarne une nouvelle vision de la danse autant digitale que réelle.

Ancien joueur de tennis, Forgetmat aspire à promouvoir la liberté d'expression, le dépassement de soi-même et challenge notre perception du monde. Son art est de capturer en photo un moment éphémère de son mouvement en lévitation.

Aussi connu sous le nom de "Flying Man", grâce à ses photos et ses vidéos, cet artiste pluridisciplinaire défie les lois de la physique et contribue à mélanger les styles. Il partage ses créations sur les réseaux sociaux et démocratise l'art avec sa galerie accessible dans le monde entier.

A travers ses mouvements il rend grâce à la musique, la photographie et le monde audiovisuel. Passionné par l'architecture, les lignes et les couleurs, Forgetmat met en valeur le monde qui l'entoure en créant des concepts vertigineux et poétiques.

Après de nombreuses collaborations avec des artistes, athlètes et marques internationales, Forgetmat continue à aller à la rencontre de nouveaux univers créatifs et présente aujourd'hui son premier projet en nom propre, The Levitation Project. Prêts à vous envoler?
